

PEARY'S OWN STORY OF FINDING POLE.

PEARY GIVES FIRST ACCOUNT OF JOURNEY.

Advance Report by Wireless Tells of Stages in His March on North Pole.

Recounts Progress from Time of Sailing Out of New York Harbor to Day on Which He Reached Earth's Axis—Message Bears First News of Drowning of Ross G. Marvin.

BY COMMANDER ROBERT E. PEARY. (BY DIRECT WIRE TO THE TIMES.)

BATTLE HARBOR (Labrador, via Wireless, Cape Ray, N. F.) Sept. 8.—As it may be impossible to get my full story through in time for tomorrow's Times, partly as a prelude which may stimulate interest and partly to forestall possible leaks, I am sending you a brief summary of my voyage to the North Pole, which is to be printed exactly as written. Summary of North Pole expedition of the Peary Arctic Club:

The steamer Roosevelt left New York on July 6, 1908; left Sydney on July 17; arrived at Cape York, Greenland, August 1; left Etah, Greenland, August 8; arrived Cape Sheridan, at Grantland, September 1; wintered at Cape Sheridan.

The sledge expedition left the Roosevelt February 15, 1909, and started for the North. Arrived at Cape Columbia March 1; passed British record March 2; delayed by open water March 2 and 3; held up by open water March 4 to 11; crossed 84th parallel March 11; encountered open lead March 15; crossed 85th parallel March 18; crossed 86th parallel March 23; encountered open lead March 23; passed Norwegian record March 23; passed Italian record March 24; encountered open lead March 26; crossed 87th parallel March 27; passed American record March 28; encountered open lead March 28; held by open water March 29; crossed 88th parallel April 2; reached Cape Columbia April 6.

All returning left North Pole April 7, reached Cape Columbia April 23; arrived on board Roosevelt April 27.

The Roosevelt left Cape Sheridan July 18; passed Cape Sabine August 8; left Cape York August 26; arrived at Indian Harbor with all members of expedition returning in good health except Prof. Ross G. Marvin, unfortunately drowned April 10, when forty-five miles north of Cape Columbia, returning from 86 deg. north latitude in command of the supporting party.

[Signed] ROBERT E. PEARY.

LIE IS HURLED IN COOK-PEARY CONTEST.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Sept. 8.—The lie was hurled today concerning the discovery of the North Pole and the foundation laid for a controversy is unparalleled in history. Commander Robert E. Peary is making uncertain progress southward of the coast of Labrador in his ship, the Roosevelt, but there came from him today a message as direct as his home-made journey has been slow. It challenges the veracity of Dr. Frederick A. Cook and further complicates a situation that the whole world is discussing. Peary's discredit Cook's claims, with the intimation that Peary alone planted the flag at the North Pole, and that Dr. Cook, who asserts that he inserted the flag at the pole on April 21, 1908, must substantiate his claim.

At Copenhagen, Cook shows his rival's statement, stood by his guns, declined to enter into a debate, and calmly asserted that his records would sustain him. To prove his discovery before the entire world beyond a shadow of doubt, he announced that he would dispatch a ship to Greenland and bring to America his Eskimo companions. Then, with their testimony and his data, he declares that he will stand ready to face all detractors. Peary tonight, was at Battle Harbor, Labrador, more than 400 miles from North Sydney, Cape Breton, the objective point of the homeward cruise through the Strait of Belle Isle.

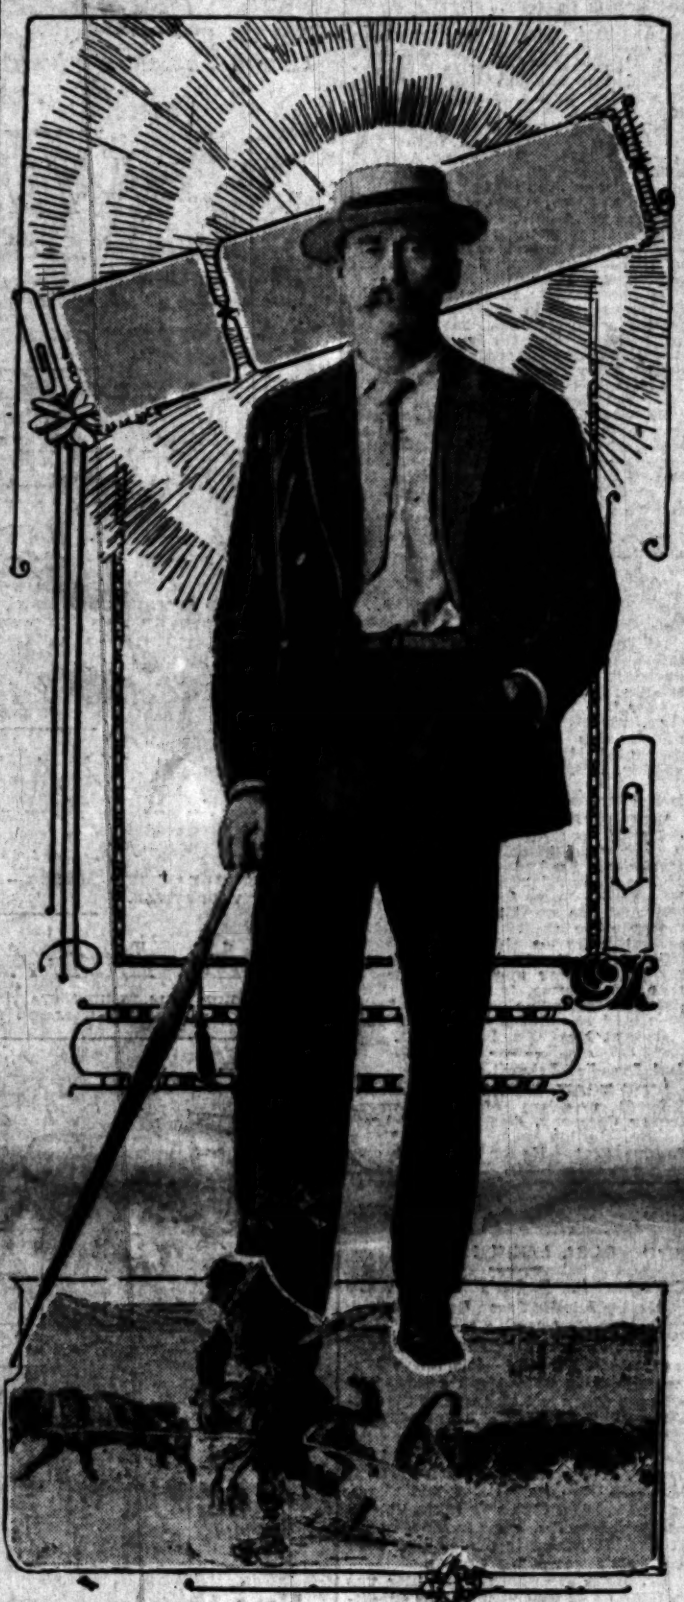

COOK SAYS PEARY TOOK HIS STORES.

[ASSOCIATED PRESS NIGHT REPORT.]

COPENHAGEN, Sept. 8.—"I have been to the North Pole. As I said last night when I heard of Commander Peary's success, if he says he has been to the pole, I believe him. I am going to place facts, figures and worked out observations before the joint tribunal of the scientific bodies of the world. In due course of time I shall be prepared to make public an announcement that will effectively dispel any doubt, if there can be such, of the fact that I have reached the pole." This is the reply Dr. Frederick A. Cook made tonight to Commander Peary.

Coming so quickly upon other dramatic incidents of the week, Com-

TELLS HOW HE FOUND THE NORTH POLE.

Commander R. E. Peary, whose narrative of wonderful polar trip which led him to North Pole, begins in The Times today.

PEARY REPORT IS COPYRIGHTED.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, Sept. 8.—[Exclusive Dispatch.] The accompanying preliminary account by Commander Peary of his successful voyage to the North Pole was issued on September 8 by the New York Times Company, at the request of Commander Peary and for his protection, as a book only, copyrighted and exposed for sale before any part of it was reproduced by any newspaper in the United States or Europe, in order to obtain the full protection of the copyright laws. The reproduction of this account in any form without permission is forbidden. The penalties for violation of this form of copyright include imprisonment for any person aiding or abetting such violation.

COMMANDER PEARY AT BATTLE HARBOR.

[ASSOCIATED PRESS NIGHT REPORT.] RED BAY (Labrador) via Quebec, Sept. 8.—Commander Robert E. Peary, homeward bound on the steamer Roosevelt, arrived today at Battle Harbor, just above the opening of the Strait of Belle Isle, and approximately sixty-five miles above this point.

As the telegraph station at Chateau Bay, thirty-five miles northeast of here, is closed, the Roosevelt's next stop likely will be here, although it was first intended to stop at the former place. At one time today the Roosevelt was reported at Blanc Sablon, southwest of here, and 100 miles from Battle Harbor, but latest advices tonight merely chronicle her arrival at Battle Harbor, with her exact itinerary thereafter, in doubt. Advices reaching here today say that the Roosevelt was sighted at Battle Harbor at 10 o'clock this morning. Her speed is uncertain, but she is expected to stop here or go on to Blanc Sablon tomorrow, whence, after a short call, she will proceed on her way to North Sydney, C. B., about 475 miles to the southwest.

VICIOUS BLOW DEALT LOS ANGELES COUNTY.

Assessment Valuation Increased Forty Per Cent. by State Board.

Fired at Nearly Fifty Millions More Than San Francisco, and Southern California Generally Soaked by Northern "Solid Three" Politicians Trying to Make a Record at Our Expense.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Sept. 8.—[Exclusive Dispatch.] Nearly fifty millions more than San Francisco is the value placed upon Los Angeles county property by the State Board of Equalization. The solid three—Brown, Collins and Scott—handed Southern California the biggest compliment and the sourest lemon in its history tonight. By a vote of three to two on every question, as forecast in The Times, Nye and McElvaine voting in the minority, the following increases were ordered:

Los Angeles county, 40 per cent., \$165,730,114.
Riverside county, 40 per cent., \$7,436,658.
Orange county, 50 per cent., \$9,710,035.
San Bernardino county, 33 1/3 per cent., \$8,148,293.
Kern county, 20 per cent., \$6,341,556.
Kings county, 20 per cent., \$1,902,981.
Ventura county, 100 per cent., \$10,921,327.
Santa Barbara county, 25 per cent., \$5,793,976.
Alameda county, 10 per cent., \$18,596,939.
Fresno county, 20 per cent., \$9,583,422.
Monterey county, 20 per cent., \$4,157,888.
San Francisco county, 10 per cent., \$46,325,944.
San Joaquin county, 15 per cent., \$5,575,532.
Santa Clara county, 10 per cent., \$6,815,011.
Santa Cruz county, 15 per cent., \$2,441,531.
Stanislaus county, 25 per cent., \$2,852,951.
Tulare county, 20 per cent., \$6,046,484.
Yolo county, 15 per cent., \$2,449,583.
Total increase, \$221,553,576.

SACRAMENTO, Sept. 8.—[Exclusive Dispatch.] Los Angeles county must pay State taxes on a valuation of \$165,730,114, which is \$16,730,114 more than Assessor Hopkins's figures. The total increase for the State is \$221,553,576, from which it appears that Los Angeles county bears more than half of it. Without the railroads, the total State, minus 5 per cent. delinquent valuation, is \$5,317,887,779, and with the railroads, \$1,494,478,052. On this basis the board has fixed the State tax at 34 1/3 cents the lowest ever made. Several years ago it was a trifle more than 37 cents, and a deficit resulted.

CANDIDATES, TOO! The members of the present board are candidates for re-nomination next year at the direct primary. Only one, McElvaine of San Bernardino, comes from Southern California. The other three are from Central and Northern California. The fifth member, State Comptroller Nye, depends upon a State-wide vote for re-nomination and reelection. Nye has been the most persistent agitator for advance in the valuation of Southern California. But when it came to the test, he voted with McElvaine against all the increases. It has been understood for some time that the three northern members Brown, Scott and Collins would stand together. They have made a record for themselves which will stand for many a year, and Southern California must pay for it. San Francisco county was raised 10 per cent. from \$42,619,197 to \$46,815,011—an increase of less than fifty million.

(Continued on Fifteenth Page.)

"GETTING EVEN" WITH HONEST APPRAISER.

State Board of Equalization Vents Its Spleen in Charge of Perjury Against Los Angeles Bank Official. His Affidavit.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Sept. 8.—[Exclusive Dispatch.] Only less sensational than the charges contained in said affidavit are the charges contained in said affidavit. The State Board of Equalization, was the action taken at the opening of the session tonight, to institute perjury proceedings against Henry Hart of Los Angeles, the appraiser who refused to sign the report made by the two other employees of the board. The equalizers have been very bitter toward Garland and others of the Los Angeles Realty Board, since the hearing in the southern city, and they have made Hart the scapegoat. Chairman Brown solemnly declared that a crime had been committed. He reviewed, in his own way, the circumstances of the Los Angeles sessions. State Controller Nye and Equalizer McElvaine counseled prudence. But their advice had no weight with the big three.

The following resolution was passed by the usual vote, three to two: "Whereas, in accordance with law, one Henry Hart of the city of Los Angeles, State of California, was duly appointed and employed by the State Board of Equalization to appraise and ascertain the actual cash value of certain property in the said county of Los Angeles for the purpose of equalization of assessment as between the several counties of this State, and has signed and sworn to a certain affidavit which said affidavit was presented at a meeting held by the board in the County Assessor's office in the city of Los Angeles on the 31st day of August, 1909, and in said affidavit, and in the said affidavit, accuses the members of the board with tampering with and using undue influence, in the following language: 'That, I compromise and distort, and stand with the distorted and extremely high appraisement on the same property by the two other appraisers, etc. etc., and whereas, the charges contained in said affidavit are absolutely false and without foundation in fact, and this board charges that in the presentation of this affidavit the said Henry Hart was guilty of the crime of perjury, therefore, "Resolved, that the secretary of the State Board of Equalization be instructed to lay before the Attorney General of the State of California all the facts in the matter, both written and oral, and request the Attorney General to advise this board as to the proper method of procedure to commence proceedings against the said Henry Hart for the crime of perjury."

Hart's Affidavit. The affidavit on which the board is trying to base prosecution of Hart is as follows: "I hereby, of my own free will and choice, do affirm and maintain that the first figures in my appraisal of the present market value of the several properties submitted to me by the State Board of Equalization, all such properties being situate in the city and county of Los Angeles, are as near true and correct, in my own opinion, as it is possible for me to render, and are made and based upon a thorough knowledge, as a bank appraiser of such properties in Los Angeles county for twenty years, and further, that any compromise or raise in those figures was prompted solely by an earnest request from the members of the State Board of Equalization in the parlor of the Hollenbeck Hotel the evening of Friday, August 27, at 8 o'clock, that I compromise, get together with, and stand with the distorted and extremely high appraisement on the same property by two other appraisers, viz: Messrs. Harpman and Varcoe, and against my will, best judgment, and protest, I submitted to such a compromise and which I now regret."

CONDITION CRITICAL, HARRIMAN RUMOR.

Arc Light on Tower Hill Is Out for First Time, Telephone Silent.

Express Train Brings Two Men Who Look Like Doctors and They Are Whisked Away in the Magnate's Automobile—Dr. Lyle Refuses to Receive Any Messages.

(ASSOCIATED PRESS NIGHT REPORT.)

ARLEN (N. Y.) Sept. 8.—Rumors that E. H. Harriman was in a critical condition gained renewed currency here shortly after 1 o'clock this morning. At the same time the brilliant arc light which has heretofore burned on Tower Hill all night, was suddenly extinguished. Repeated calls to the telephone exchange gained no response.

NEW DOCTORS AT ARDEN. (ASSOCIATED PRESS NIGHT REPORT.) TURNER (N. Y.) Sept. 8.—The 6:50 a.m. train on the Erie Railroad was held at Jersey City for ten minutes to night until it was boarded by two men of professional appearance, carrying leather bags like medical cases. A Harriman automobile was waiting at Arden when the express dashed through. It is believed that it must have been by mistake that it did not stop at Arden, for as soon as it passed, the chauffeur scurried to Turner and picked up the strangers shortly after the train left there.

These men would not say whether they were physicians. Mr. Harriman's friends have made no attempt to deny that during the last three days, he has had more medical attendants than Dr. Lyle. One employee said that six physicians were at the house Sunday night. It is believed that the best specialists in the country are at the bedside.

GUARD DRAWN TIGHTER. The lines about Arden were drawn closer tonight than at any other time since Mr. Harriman's release. Charles T. Ford, superintendent of the estate, sent out word that no more newspaper men would be allowed access to Dr. Lyle, either by written message or by telephone. These precautions are not directed against the newspaper men so much as against a group of spies sent here by Wall-street interests. Several of these tried to mingle with the newspaper representatives this evening to learn what they knew. Though such information would be of no use in the stock exchange on this side of the Atlantic after the closing hour, it might prove valuable in the markets abroad, which open before the New York morning papers have been read by Wall street.

IN BED SINCE FRIDAY. It was learned on excellent authority tonight that Mr. Harriman has been in bed since Friday, two weeks to be moved. Evidence is excellent that he is under the constant care of a corps of physicians and nurses and that he has a high fever which is being relieved by ice packs and alcohol baths. It is believed that oxygen is kept always on hand, if it is not now being administered. The conclusion is that official "improvement" may be freely construed as a change from a crisis to a state of grave danger.

An obstinate rumor from Wall street that Mr. Harriman was operated on yesterday for a cancerous growth was denied tonight by Superintendent Ford. Mr. Harriman said tonight that a statement would be issued in New York by Judge Lovett.

COMMERCIAL SICKNESS. One of the associates of Judge Lovett, in explaining his reticence, said tonight: "We all realize that the failure to issue authoritative statements on Mr. Harriman's condition, gives the speculators and those waiting to swing the stock market an exceptional opportunity. But Judge Lovett sees difficulties that are not understood by outsiders."

Mr. Harriman's illness is not like typhoid, where, if we told the public at certain hours each day that his temperature was such and his respiration so and so, the course of his illness could be traced.

"The judge feels that if he issued a statement pessimistic in tone, and Mr. Harriman should get well, he would be charged with misrepresentation. On the other hand, if he issued an optimistic bulletin and Mr. Harriman grew worse, he would be open to a charge of the same sort."

"As nobody can foresee the course of Mr. Harriman's malady, even for a single day, Judge Lovett feels that the wisest course is silence. It is regrettable that stock jobbers are commercializing Mr. Harriman's illness, but as matters now stand, he sees no way of preventing it."

BETTER DURING DAY. Harriman was better during the day. This statement is based on the assertion today of the two men closest to him, outside his immediate family. His medical adviser, Dr. William G. Lyle, said so twice. His spiritual adviser, the Rev. J. H. McGuinness, made the assertion in almost the same language shortly after visiting the sick man this afternoon.

How far Mr. Harriman has improved and the precise state of his health is still a matter of conjecture, and the subject of alarming rumors. The official information from the Harriman residence today utterly failed to quiet rumors, and there seems to be some ground for the persistent reports that he suffered a slight attack of indigestion, and that Dr. Lyle's reassuring statement referred to his improvement from this second seizure.

There is no doubt that Mr. Harriman's recent condition has been desperate. Evidence of this was furnished by the empty oxygen tanks that were sent down from Tower Hill to be returned to the manufacturer.

That these attacks will be recurrent and that they must grow increasingly ominous is the general belief. Dr. Lyle's first statement today lulled conjecture only for a few hours. In the afternoon alarming rumors poured in upon the newspaper men at Turner and Arden until 4 o'clock, when Dr. Lyle was again called on the telephone.

"It is said in New York that Mr. Harriman is dead," he was told. "These reports are not true," replied Mr. Lyle. "Mr. Harriman is better today."

RIFTER VISITS ARDEN.

Gen. Corbin was a conspicuous figure at the War Department and in the social life of the national capital.

Gen. Corbin's first military service was as a lieutenant in the Eighty-third Ohio Volunteer Infantry, he having enlisted July 28, 1862. He served in the war with the Army of the Cumberland, holding all grades from second lieutenant to colonel. He was brevetted brigadier-general of volunteers March 13, 1865.

He entered the regular army May 11, 1866, as a second lieutenant of the Seventh Infantry and was promoted to lieutenant-general on April 1, 1906. He retired September 15 of the same year.

In recognition of "gallantry shown in the Spanish-American War," Congress, in June, 1896, conferred upon him the rank of major-general of the army.

Gen. Corbin was a member of the Loyal Legion. He married Miss Edith Agnes Patton in 1901, and had his residence in this city.

Maj. William E. Horton, quartermaster, and Maj. Julius A. Penn, Seventh Infantry, were Gen. Corbin's aides during the last active service he performed, were summoned to New York by Mrs. Corbin to assist in the funeral arrangements.

Gen. Corbin leaves three children by his first wife—Rutherford B., of this city; Mrs. Usher Parsons of Arlington-on-the-Hudson, N. Y.; and Grace Corbin, living in Wilmington, O.

Only last year the beautiful Corbin home at Highland, adjoining Chevy Chase, in the suburbs of Washington, was completed, and extensive entertaining had been planned for the coming season.

Gen. Corbin was in command of the Philippine Division when he was appointed major-general, having voluntarily relinquished the important position of Adjutant-General of the United States Army from a desire to wind up his military career with field service.

He returned to the United States from Manila in 1904, and assumed command of the Department of the Missouri. While holding this command he was promoted to lieutenant-general of the United States Army.

The funeral services over the body of Gen. Corbin will be held Friday afternoon at St. John's Episcopal Church. Interment will be at Arlington, with full military honors.

OBITUARY.

Vere St. Leger Gould. PARIS, Sept. 8.—Vere St. Leger Gould, who, with his wife, was convicted in 1906 of the murder of Emma Levin in order to obtain her jewelry, is dead at Cayenne, Guiana, where he was transferred for life, as his sentence of death was commuted. His wife died at Cayenne in July, 1908, from typhoid fever.

Mrs. Merriman Colbert Harris. TOKIO, Sept. 8.—Mrs. Merriman Colbert Harris, wife of Bishop Harris, died at her home in this city. Mrs. Harris was the wife of Bishop Harris, of the Methodist Episcopal church. He came to Japan for the first time in 1874, and has spent much time in the Orient since then. After spending several years establishing Japanese missions on the Pacific Coast and in Hawaii, he was appointed Bishop of Japan and Korea, in 1904. Mrs. Harris' maiden name was Flora Lydia Best, and she was married to Bishop Harris at Meadville, Pa., in 1873.

Joel Benedict Erhardt. NEW YORK, Sept. 8.—Joel Benedict Erhardt, president of the Lawyers' Surety Company, died today of heart failure, in his room at the Union League Club. He had been ill only a short time. Mr. Erhardt served through the Civil War, attaining the rank of colonel, and later held several Federal positions.

OLGA MENN HOME. Collapse in Father's Arms While Mother Admits Baron Rothschild's Tragic Affection for Her. (BY DIRECT WIRE TO THE TIMES.) CHICAGO, Sept. 8.—(Exclusive Dispatch.) Miss Olga Menn returned to Chicago today and was met at the station by her father, Dr. Rudolph Menn. After an affectionate greeting the daughter collapsed in the arms of her father. The woman for whose sake it was said Baron Oskar Rothschild committed suicide, then was taken ill and at the hospital, No. 152 Lincoln avenue, it was said she was resting and worn out as a result of her travels.

Dr. Menn asserted his daughter was holding up as well as might be expected under the circumstances, and that she appeared to be suffering from nervous prostration as a result of the experiences she and her mother went through recently in Europe. Miss Menn was accompanied home by her mother, Miss Menn, and her mother arrived in New York yesterday and took the first train for Chicago. Mrs. Menn said that her daughter broke down completely after the baron had committed suicide.

"It was several weeks before she was sufficiently recovered to attempt the trip home," said Mrs. Menn.

TRACING MURDER MYSTERY. Stockton Young Man Says He Is Willing to Go to Scene of Crime. (BY DIRECT WIRE TO THE TIMES.) STOCKTON, Sept. 8.—(Exclusive Dispatch.) The Stockton police have been called upon to assist in clearing up a murder mystery that occurred in Carroll, Wash. Chief Briare soon located William Clifford, who left Stockton some weeks ago for a trip through the Northern States, but returned alone, and the young man informed the officer today that he would be only too glad to answer questions the authorities of Washington might ask him.

Earl Patterson, who was discharged from the San Joaquin County Hospital last July, joined Clifford, and the two visited Portland and various cities in Washington. On August 18 Patterson walked into a grocery store, with a long gasp in his throat, and after stating that a companion with whom he had been traveling had been killed, he wound up Patterson's trip by clearing up a murder mystery that occurred in Carroll, Wash. Chief Briare soon located William Clifford, who left Stockton some weeks ago for a trip through the Northern States, but returned alone, and the young man informed the officer today that he would be only too glad to answer questions the authorities of Washington might ask him.

Former Gov. Herrick, who also was staying at the Martineau in this city and Dr. Frank Erdwurm was summoned. The physician advised that Gen. Corbin be removed to the Roosevelt Hospital, and he was taken there on Monday.

The operation was performed Tuesday morning by Dr. Lucius Hotchkiss, the hospital surgeon, assisted by Dr. Erdwurm and Dr. Pack.

Former Gov. Herrick, who also was staying at the Martineau in this city and Dr. Frank Erdwurm was summoned. The physician advised that Gen. Corbin be removed to the Roosevelt Hospital, and he was taken there on Monday.

Following the operation, Gen. Corbin revived and the work of the surgeons was regarded as a success, but about midnight last night a weakness of the heart developed and death ensued a few hours later.

Gen. Corbin's body will be taken to his home at Highland, Chevy Chase, near Washington this afternoon, and funeral arrangements will be made there. His burial will be in Arlington Cemetery.

SHOCK TO ARMY CIRCLES. (ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, Sept. 8.—War Department officials were greatly surprised and shocked when informed of the death in New York of Gen. Corbin.

It was known that Gen. Corbin had not been well for some months, but that his illness was serious was not even considered.

During his service as adjutant-general, Gen. Corbin was a conspicuous figure at the War Department and in the social life of the national capital.

IBUSAWA ON CONSERVATION.

Wonders at Ruthless Cutting of Timber.

Americans Like Leg "Naye" at Home.

Has Magnificent Judge for President.

CHATED PRESS NIGHT REPORT.

MA, Sept. 8.—"Rich as is your country, it is poorer in its timber," commented Baron Busawa, president of the First of Japan, in responding to a question today at the Tacoma Club luncheon in honor of the commercial commissioners and experts from Japan.

Remarks of the leader of the Japanese delegation to the government policy of conservation of natural resources, Busawa spoke of the wanton destruction of the nation's timber by the members of the government. He was most indignant over the fact that the supply of timber is being depleted, and that the government is not doing enough to protect it.

He said that the supply of timber is being depleted, and that the government is not doing enough to protect it.

PEARY TOOK STORES?

(Continued From First Page.)

said repeatedly that all he had to say for the present was that he possessed proof that he had visited the North Pole on April 21, 1908.

When it was suggested to him that his chances of proving his case might be ruined unless he made a satisfactory statement immediately, he hesitated and asked how human could be ruined by popular clamor calling him an impostor when he had proofs of his case which could and would be published, as he had often repeated, when they were in proper form to be given out.

Regarding the controversy over his alleged taking of Peary's stores, Dr. Cook asserts that he has written and other satisfactory evidence that Peary took his stores, perhaps believing him dead.

"Harry Whitney is personally acquainted with all the facts and perhaps what he has to say when he returns may be interesting," added the explorer.

ACCUSES PEARY.

Then Dr. Cook remarked quietly: "Make as little as you can of this and don't say anything disagreeable about Peary."

Dr. Cook continued: "I will not enter into any controversy over the subject with Commander Peary, further than to say that if he says I have taken his Eskimos, my reply is that Eskimos are nomads. They are owned by nobody and are not the private property of either Commander Peary or myself. The Eskimos engaged by me were paid ten times what they agreed to accompany me for."

As to the story that Commander Peary says I took provisions stored by him, my reply is that Peary took my provisions, obtaining them from the Eskimos on the plea that I had been so long absent that he was going to organize relief stations for me in case I should be alive. For this I have documentary proof."

Dr. Cook told Capt. Sverdrup and another friend the day after he landed here that he hoped there would be no unpleasantness over supplies with the Peary party; that he had found some of Peary's men in possession of one of his depots and had turned them out unceremoniously.

WILL GET ESKIMOS.

It is stated that Cook will send a ship to take to America the two Eskimos who accompanied him on the last stage of his journey to the pole, as well as some of the party sent back when the start for the last stage began. Capt. Sverdrup may command the expedition; it is Dr. Cook's desire that he shall do so, and they conferred today regarding the details.

Dr. Cook's purpose in wanting his Eskimos to accompany him to America is to bring them to the attention of the public, and to show that they are not the property of either Commander Peary or myself. The Eskimos engaged by me were paid ten times what they agreed to accompany me for."

When the latter alternative was suggested to him, he merely expressed the conviction that time, even if there was no other evidence, would confirm his statements, because, with the rapid advance of the means of travel his route would soon be visited by others who could pass judgment on his testimony.

CONSTITUTION OF IRON.

Dr. Cook's constitution is of iron. In the last three nights he has averaged three and one-half hours' sleep, during the small hours attending to his correspondence and arising at 6 o'clock in the morning to resume his task, but he shows no ill effects of the strain. His engagements today include a luncheon given in his honor by the British Minister at the legation, and a motor trip into the country.

All day dispatches from America regarding the expedition were poured into Copenhagen. The newspapers contain only one unpleasant article. The politician, in his leader to-night, says:

"Danes remembering Peary's bad treatment of his crew, are expected to be not surprised at his attitude toward Dr. Cook."

The general attitude here is one of sympathy for the explorer. Dr. Cook's lecture before the Geographical Society caused a profound disquiet, because the people expected more convincing proofs than Dr. Cook has given. He contented himself in his lecture with repeating what had already appeared in the form of statements in the newspapers.

The enthusiasm over the announcement of Peary's success has not waned in the least.

MRS. COOK RETURNS TO NEW YORK HOME.

NEW YORK, Sept. 8.—Interest in the controversy as to whether Dr. Frederick A. Cook of Brooklyn or Commander Peary reached the North Pole first has been considerably augmented by the arrival here of Mrs. Cook, wife of the explorer who is now enjoying the congratulations and homage of Europe.

Mrs. Cook, who had been spending the summer with her two children at Southampton, N.Y., was not expected to return here in time. The last word from her in Maine was that she was slowly recovering from the collapse she suffered on hearing of the success of her husband, and that she would remain in South Harwell until the learned definitely of Dr. Cook's plans for returning home.

Mrs. Cook, on her arrival here, was met by her old friend, Mrs. R. T. Davidson, who is now residing at the Waldorf-Astoria, and who is believed to be the man who was in the air one day last week.

Dr. Cook had announced his intention of returning to America, would sail from Copenhagen tomorrow and arrive in New York about September 21. So far none of the cablegrams from Copenhagen have mentioned Dr. Cook's return, and it is believed that he is as long as that of the other. Dr. Cook has been publishing his statements in the newspapers and in the press.

SCHOOL DAYS OF THE DAYS

When most of the important habits of life are formed. Teach your children the daily use of

Dr. Lyon's

TOOTH POWDER

and they will some day rise to call you blessed. It cleanses, beautifies and preserves the teeth and imparts purity and fragrance to the breath.

that Dr. Cook has passed into the background since Peary entered upon the scene, and some of them declare that since Peary's appearance he will be doubted more than ever.

The Matin says that Dr. Cook's lecture at Copenhagen last night left a cold and gloomy atmosphere. The Matin says that Dr. Cook's lecture at Copenhagen last night left a cold and gloomy atmosphere.

"World Prof. Torvald has voted this without serious reasons." The Journal today publishes a dispatch from Copenhagen giving another version of the story that Cook said he had not seen the pole.

The Journal also agrees that Dr. Cook's lecture was made in bad faith, and it claims that King Frederick himself has been disillusioned.

The Petit Parisien says the world will not deem it the exploit of a conqueror of the pole, and it publishes the insinuation that Cook is merely trying to support his claim by the honor which belongs to Peary.

MESSAGE TO CLUB GIVES DETAILS.

NEW YORK, Sept. 8.—A dispatch from Commander Peary, which was received by Herbert L. Bridgman in Brooklyn today, gave some details of the explorer's return from Etah, told of the movements of Harry Whitney, the Arctic hunter of New Haven, Ct., and mentioned Dr. Cook.

The message follows: "I have just returned from Etah, via Cape Ray, N. F. Sept. 8. 'H. L. Bridgman, Brooklyn, N. Y. To Dr. Cook on board at Etah, Cook gone to Copenhagen. Met Jeanie off Star Bay. Whitney went on board Jeanie. Parted company after 24 hours."

The message is the Peary relief steamer, which sailed from New York this morning to search for the explorer.

BRUSSELS EAGER FOR COOK'S COMING.

BRUSSELS, Sept. 8.—Dr. Cook, it is expected, will reach Brussels next Saturday by way of Flushing. According to the understanding here he will return to Flushing Sunday and spend the night in Rotterdam.

There is great disappointment over the curtailment of Dr. Cook's expected visit. The explanation, as assigned, is that the newspaper men are continuing to quarrel, and the doctor is hastening his return home.

PEARY GIVES POLE TO THE PRESIDENT.

WASHINGTON, Sept. 8.—Commander Peary today delivered the North Pole to President Taft, who replied by congratulating the explorer. The messages follow:

"Indian Harbor, via Cape Ray, N. F., Sept. 8, 1909. 'William H. Taft, President of the United States, Washington, D. C.: Have honor placing North Pole your disposal."

"Beverly, (Mass.), Sept. 8, 1909. 'Commander R. E. Peary, U.S.N., Indian Harbor, via Cape Ray, N. F.: Thank you for your letter, and for the generous offer. I do not know exactly what I could do with it. I am satisfied that you will make it through the Associated Press."

OSBORN CALLS PEARY A FAKER.

NEW YORK, Sept. 8.—Among the friends of Cook here who rallied to his defense today was Capt. E. S. Osborn, president of the Arctic Club of America, who, in an interview, attacked Peary's credibility and declared that evidence would be forthcoming shortly to support Dr. Cook's position and to show that Peary's charges were unfounded.

Capt. Osborn said: "Peary, in making these charges, is digging his own grave. He is a colorless man and his statements are a fabric of untruths. As soon as he sets foot in New York his observation and his statements will be exposed."

He has an affidavit stating that Peary opened Dr. Cook's trunks and took out his observation diary and that he opened a letter Dr. Cook had written to Mrs. Cook, read it and then sent it up again. Peary also wrote Mrs. Cook telling her boldly that her husband was a faker."

COOK REPLIES TO PEARY IN STATEMENT TO PARIS MATIN.

PARIS, Sept. 8.—The Matin prints a signed article by Dr. Cook, in which he replies to Commander Peary, saying:

"I do not deem it well at first to reply to the attacks of Commander Peary. I thought it better to maintain the reserve becoming a gentleman. Besides, if Peary has reached the pole I am glad of his victory. It does not prove that I have not succeeded, and before him."

Dr. Cook then takes up the charges in detail, with regard to the question of provisions, and his use of the Eskimos, and continues:

"According to Peary's statements, my Eskimos said I did not go very far north. Let them say what they will. I am satisfied that I have not undertaken to command an expedition to seek out my two Eskimos and bring them back to civilization. It is I who was a possibility as a future problem."

Talking to the Associated Press over the telephone tonight, Mr. Bradley said: "I am not going to make any more statements. Everything is getting mixed up more than ever. It seems that the newspaper men are continually misquoting us, and then a ten-word cablegram which I have just sent to support Dr. Cook's position and to show that Peary's charges were unfounded."

Capt. Osborn said: "Peary, in making these charges, is digging his own grave. He is a colorless man and his statements are a fabric of untruths. As soon as he sets foot in New York his observation and his statements will be exposed."

He has an affidavit stating that Peary opened Dr. Cook's trunks and took out his observation diary and that he opened a letter Dr. Cook had written to Mrs. Cook, read it and then sent it up again. Peary also wrote Mrs. Cook telling her boldly that her husband was a faker."

ONE COMPANION STANDS BY COOK.

HAMILTON (Mont.) Sept. 8.—Edward Burrill, who has returned from the Bitter Root Mountains, says that he saw Dr. Cook and that he was the only one who made the climb on Mount McKinley in 1906.

He refuses to make any further statement than this, except to say that when Dr. Cook gets to this country he will go before a notary and make a sworn statement regarding his association with the explorer. Burrill says, however, that Prints, one of the

The Last of Those \$10.00 Suits

Will Go To-Day

STORE WILL BE OPEN ALL DAY TODAY, ADMISSION DAY

Did you ever see the like of it—the way the suits were picked up? Fully half of them the first day. What argument could we advance that would be more in favor of the class of suits that are being offered in this sale. Remember, we had over 300 garments to begin with (not estimated numbers, but actual). You see, the perfect fit, the excellent materials, the splendid linings, appeal to women who know values. By 6 o'clock tonight we shouldn't have a one of these to sell. Better be here. True, the range of sizes may not be as complete as early in the sale, but the suits are just as good and the variety is quite complete; \$10.00 never bought better suits this early in the season.

New Fall Skirts \$2.95

Join a Clearance Lot At One Important Price...

The new skirts are marked \$3.95. Those to be closed out are marked \$3.95, \$4.50 and \$4.95. They are made of panama, mohair and novelty woolsens, in black, blue, brown and mixtures. The ones and twos of a kind from every high-priced lot are also included. The new skirts are important enough to force recognition at their own price. Choice, \$2.95.

Two New Waist Shipments

Have Been Combined at \$1.00 and \$1.95

At \$1.00 Clever tailored models of madras, in plain white and pretty stripes. See the new pleasing idea in these waists, and note that they are made with linen collars and cuffs. A number of \$1.50 and \$1.95 waists included for a clearance. These in broken sizes. All go at \$1.00.

Beautiful Linerie Waists in dress styles; made of lawn and Seco silk. Models that were intended to sell at a much higher figure. Every size up to 44 included. Our sale price \$1.95. Few women can afford to overlook this offering.

New Sweaters

Beauties at \$5 and higher. Fashion's latest ideas in style and weave. Second floor.

September Gingham Sale

Continues Today

There has been no slack in the enthusiasm shown the September Gingham Sale. Neither has there been a slack in the bargains offered. For today we can give but a brief summary of the items that are still in force.

Dress Gingham in the most desired styles—yard 34c
30-inch Zephyr Gingham in fancy plaid patterns—yard 10c
Fancy Dress Gingham—Checks and plaids—yard 5c
Plaid Dress Gingham of a very good quality—yard 6c
45c Silk Gingham, of an excellent quality, at 25c

Soft Finished Chambray Gingham in various colors—yard 7c
Plain Chambray Gingham, especially for school dresses, yard 34c
Amoskeag Chambray Gingham, 34 inch, plain blue, yard 10c
35c Swivel Silk Gingham in attractive color combinations 25c

Gold Medal Flour

49 Lb. Sack \$1.90

While economy will be at a high pitch in the grocery department. Thursday, we lay special stress upon the quality of the goods offered at these unusual prices.

Prominent among today's bargains is the Heavy 49-Pound Sacks Gold Medal Flour, \$1.90.

Milk-Alpine, 2 Cans 15c
Special Summer Sausage, Lb. 25c
Coddish-Fancy Middles, Lb. 15c
Ham-Armour's Sugar Cured, Lb. 16c
Flower or Vegetable Seed—Assorted, Dozen Pkgs. 25c
Soap-Cudahy's Pine Tar, 3 Bars for 10c
Karo Corn Syrup—Can 10c

who was one of the members of Dr. Cook's party when the Polar explorer, with one companion, ascended Mt. McKinley, in an interview today said: "After making an attempt from the southern slopes of the mountain and failing, our party went to pieces. We all started down the Sustina River, some of us going off on hunting trips, others striking for the outside. Cook went back with two companions and going up another branch of the river, made a second dash for the summit from the southwest slope."

"He claimed that he had one of the men who accompanied him on the trip. I notice that the men who dispute that he reached the summit, are persons who were not with him, and consequently what they have to say should not carry great weight."

CANNIBALS KILL SAILORS.

Master and Crew of Ten Clugged to Death in New Hebrides—Sabaged Burn Vessel.

[BY DIRECT WIRE TO THE TIMES.] OTEWA (Ont.) Sept. 8.—[Exclusive Dispatch.] The murder of sailors by cannibals is announced in a cable from Sydney, New South Wales.

"A dreadful tragedy is reported from the New Hebrides. Capt. Lindsay, master of the ketch Kiahah, was first speared and then clubbed to death by a horde of cannibals. The crew, numbering ten, was massacred, and the vessel, which was speared and burned at Mallicoula, New Hebrides, where cannibalism still exists."

"Some of the crew of the French ketch Gundulup were captured and eaten by natives and have since been unheard of."

"The natives of German New Britain have rebelled against the government and many fresh outrages are feared."

SENSE ABOUT FOOD

Facts About Food Worth Knowing.

It is a serious question sometimes to know just what to eat when a person's stomach is out of order and most foods cause trouble.

Grape-Nuts food can be taken at any time, and is especially valuable to anyone interested in food.

"I had suffered with indigestion for about four years, ever since an attack of typhoid fever, and at times could eat nothing but the very lightest food, and then suffer such agony with my stomach I would wish I never had to eat anything."

"I was urged to try Grape-Nuts and since using it I do not have to starve myself any more, but I can eat at any time and feel nourished and satisfied."

"Grype-Nuts is a thing of the past and am now strong and well."

"My husband also had an experience with Grape-Nuts. He was very weak and sickly in the spring. Could not eat, and he was not under the doctor's care but medicine did not seem to do him any good until he began to eat Grape-Nuts. He was very satisfied with the change in him. He grew better right off, and naturally he has none but words of praise for Grape-Nuts."

"One day I had not eaten a meal without Grape-Nuts, and he learns so fast at school that his teacher and other school children comment on his progress. It is because of the great nourishing elements in Grape-Nuts."

"The reason is that it contains the phosphate of potash from wheat and barley which combines with albumen to make the gray matter to daily refill the brain and nerve centers."

It is a pity that people do not know what to feed their children. There are many mothers who give their young children almost any kind of food and when they feel sick begin to pour the medicine down them. The real way is to stick to proper food and be healthy and get along without medicine and expense."

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

party on the Mount McKinley trip, was not with Dr. Cook when the expedition was made, but was away on a hunting trip in the foothills.

"While the expedition was in progress, all the recently-published statements attributed to him, and says that an interview with Prints, insofar as it relates to him, is not correct."

DANISH INSPECTOR BELIEVES IN COOK.

[ASSOCIATED PRESS NIGHT REPORT:] COPENHAGEN, Sept. 8.—Danish Inspector of Customs, Hans Egede, told a representative of the Associated Press today that he was perfectly convinced of the truth of Dr. Cook's narrative.

Jensen first heard that Dr. Cook had reached the pole, and he was very glad to meet Dr. Cook, who confirmed the story.

Jensen was with Dr. Cook for two months, and during that time the explorer never deviated one iota in his assertions.

Several local newspapers today publish letters from Greenland, stating that Dr. Cook, while awaiting the steamer Hans Egede, was in an extreme state of nervousness.

He was distressed by the fact that he had heard the report that Peary had reached the pole, and he was very anxious to see the explorer's nervousness disappear when he came on board. Dr. Hansen had heard of hearing Dr. Cook's statements, which, throughout the voyage were unvaried.

Dr. Hansen said that he had seen Dr. Cook's diary and his observations, but he explained that he was absolutely ignorant of such matters.

Asked whether reports in Greenland that Dr. Cook had not reached the pole were correct, Dr. Hansen replied: "No," but he explained that it was easily possible for the versions of the trip given by the Eskimos to vary and reach civilization in a distorted state.

Dr. Cook told the Associated Press today that he would answer no charges on this subject, until he knew their real nature and whence they came. He would then be prepared to give a complete reply.

DEFENSE BY BROWNE. [ASSOCIATED PRESS NIGHT REPORT:] TACOMA, Sept. 8.—Belmore Browne,

was a possibility as a future problem. Talking to the Associated Press over the telephone tonight, Mr. Bradley said: "I am not going to make any more statements. Everything is getting mixed up more than ever. It seems that the newspaper men are continually misquoting us, and then a ten-word cablegram which I have just sent to support Dr. Cook's position and to show that Peary's charges were unfounded."

Capt. Osborn said: "Peary, in making these charges, is digging his own grave. He is a colorless man and his statements are a fabric of untruths. As soon as he sets foot in New York his observation and his statements will be exposed."

He has an affidavit stating that Peary opened Dr. Cook's trunks and took out his observation diary and that he opened a letter Dr. Cook had written to Mrs. Cook, read it and then sent it up again. Peary also wrote Mrs. Cook telling her boldly that her husband was a faker."

COMMANDER PEARY SURE OF WINNING HIS LAST FIGHT.

Told Former President Roosevelt So Before Starting for Frozen North on the Expedition Now Successfully Ended—Story of Many Efforts Made by Dauntless Naval Officer to Reach the Pole.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Sept. 8.—(Exclusive Dispatch.) Lieut. Peary sailed on July 8, 1908, to President Roosevelt at Oyster Bay, when his boat, the Roosevelt, lay ready for the start in the harbor there.

"I never felt so confident of success in all these years as I do now," Lieut. Peary said. "The President visited the ship and took off his hat and stood up in the stern sheets, waved his hat, and shouted: 'Good luck, Peary.'"

"Thank you," shouted Peary back—and that was practically the start of their last expedition. Peary took no chances through carelessness in selecting his crew and assistants, or in fitting out his ship.

Peary was launched at Bucksport, Me., March 23, 1908, in time to meet Peary north that year. The designer was William E. Winant, the naval architect of New York. She is 132 feet in length, with a beam of 35.5 feet, a depth of 15.2 feet, a mean draft of 10 feet, and a displacement of 160 tons.

According to the technical description she is a three-masted fore and aft schooner-rigged steamship with auxiliary sail power. She was built entirely of white oak, with treble frames close together, double planked. Her walls are from 24 to 30 inches thick. The hull is 15 inches deep.

Her heavy bow is backed by 11 feet of solid oak. Her stern, reinforced with iron, has a long overhang to protect the rudder from the ice, but the rudder itself is so arranged that it can be lifted out of the water when jammed or entangled.

SHIP OVERHAULED. But before he started in July, Peary had his ship completely overhauled and largely refitted. They put in two new boilers and new bottoms and new exterior fixtures. The quarters for the crew were refurbished, and interior walls were whole and new.

But the principal part was in the arrangement of the boilers. Instead of arranging them fore and aft, they were placed side by side. The main hold was divided into two sections, one for the boiler and one for the cargo.

Two GREAT POLAR DASHES. All these years in the bleak arctic appear now as only preparatory to the dash for the pole. Two great expeditions for the pole followed each other in rapid succession.

The first dash for the pole began on July 25, 1908, from Sydney, Cape Breton, when the ship sailed for the pole. The second dash began on August 1, 1908, from Sydney, Cape Breton, when the ship sailed for the pole.

Peary's dash for the pole began on July 25, 1908, from Sydney, Cape Breton, when the ship sailed for the pole. The second dash began on August 1, 1908, from Sydney, Cape Breton, when the ship sailed for the pole.

Peary's dash for the pole began on July 25, 1908, from Sydney, Cape Breton, when the ship sailed for the pole. The second dash began on August 1, 1908, from Sydney, Cape Breton, when the ship sailed for the pole.

Peary's dash for the pole began on July 25, 1908, from Sydney, Cape Breton, when the ship sailed for the pole. The second dash began on August 1, 1908, from Sydney, Cape Breton, when the ship sailed for the pole.

Peary's dash for the pole began on July 25, 1908, from Sydney, Cape Breton, when the ship sailed for the pole. The second dash began on August 1, 1908, from Sydney, Cape Breton, when the ship sailed for the pole.

Peary's dash for the pole began on July 25, 1908, from Sydney, Cape Breton, when the ship sailed for the pole. The second dash began on August 1, 1908, from Sydney, Cape Breton, when the ship sailed for the pole.

Peary's dash for the pole began on July 25, 1908, from Sydney, Cape Breton, when the ship sailed for the pole. The second dash began on August 1, 1908, from Sydney, Cape Breton, when the ship sailed for the pole.

none but an Eskimo could keep the trail.

At Storm Camp they were held by the gale for four hours, and then with a reduced number of dogs they resumed the march. For five days after that they floated on ice. They had stumbled upon a great flow from which there seemed no escape. They drifted steadily eastward; the lead as steadily widened. There was nothing to eat but the frozen flesh of dogs.

"On the fifth day," says Peary, "two Eskimos reported a young flow, which meant support on snow shoes across the lead. We lost no time in hurrying to the place, for it was evident that that was our time or never. The thin film crusting the black water bent and yielded beneath us, sending undulations in every direction. I do not care for another such experience."

"During the remainder of this march," he continues, "and the next week we cut our way slowly through a hell of shattered ice such as I hope never to see again—a conglomeration of fragments from the size of a paving stone to the dome of a miller's round by the terrific grinding they had received between the jams of the ice lead."

The rest of the march led them past Britannia Island to Cape May, then to Cape Bryant, and finally to Cape Hatherton. At last they headed across Robeson Channel and limped on frozen feet to a little north of Cape Hatherton. There an Eskimo named "Tukakutuk" kept saying: "Back again, thank God."

The rest was easy comparatively. With forty-two dogs left out of the 130 that had started, Peary reached the Roosevelt camp on July 12, 1908. They boarded her with the satisfaction of holding the record for the farthest north. She hammered and the Prince of Wales Channel, the bergs and ice flows of the northern sea, and so came to St. George's Bay, Newfoundland, on November 18, 1908.

LOUISIANA LEFT OUT. No Provision Made to Send National Guard Delegates to Los Angeles Meeting.

NEW ORLEANS, La., Sept. 8.—(Exclusive Dispatch.) Louisiana delegates are greatly exercised because the State has made no provision for sending representatives to the meeting of the National Officers' Association in Los Angeles, September 22.

The delegates are greatly exercised because the State has made no provision for sending representatives to the meeting of the National Officers' Association in Los Angeles, September 22.

CONTESTS OF PLAYGROUNDS ON THE ECHO PARK FIELD.

THE fourth annual inter-playground field and track meet between the eight public playgrounds of the city is to take place this afternoon on the field at Echo Park.

The events, eleven in all, will be: Relay race for girls, weighing 105 pounds; flag relay race for girls, weighing 75 pounds; 50-yard dash for girls, weighing 105 pounds; potato relay race for boys, weighing 105 pounds; obstacle race for boys, weighing 105 pounds; sack race for boys, weighing 105 pounds; leap-frog race for boys, weighing 105 pounds; 60-yard dash for boys, weighing 105 pounds.

The system of entering teams according to their weight, which has been in use in many of the eastern cities for several months, will receive its first try-out on the Pacific Coast today.

The first event will be called at 2 o'clock and it will probably take about three hours to run off the complete list.

More than 700 contestants have entered the eight playgrounds. Each ground has been in use in many of the eastern cities for several months, will receive its first try-out on the Pacific Coast today.

The Mayor will attend and present the prizes to the winning teams immediately after the last event has been run off. As prizes there will be eleven pairs of pants and two handsome silver cups.

YEAR'S COUNTY TAX BUDGET LIKELY NEAR SIX MILLIONS.

ESTIMATING.

WILLIAM HART estimates of the county tax budget for the coming year are being made by Claude Hart, Chief Deputy County Auditor. According to his figures, the total will be nearly \$6,000,000, as compared with \$5,100,000 last year. The increase of \$900,000 for the fiscal year is responsible for nearly all of the heavy items of expense of the county schools. This will amount to \$1,000,000, exclusive of the \$270,000 bond issue—on the new \$270,000 bond issue—the election is held legal by the Legislature.

The salary fund will be nearly \$500,000, an increase of \$100,000 from last year. The county election will cost about \$200,000.

THE PUBLIC SERVICE.

Monday, there will be a total of public business at the county headquarters. The day will be a half-holiday, and the county will be closed for business for the day.

TO KIDNAP. The will of a woman, offered for probate yesterday, disposed of her estate. To a nephew, Thomas J. Hart, an adopted son of a sister, she gave a piece of property. The will was admitted to probate by the court.

QUESTIONS. A man can be held responsible for the keeping of his illegitimate child. In the point involved in the case against Miguel Antunes, the court decided yesterday. It is denied on the part of the defendant that the law compels a parent to support his illegitimate child.

GRANTED. The hotly-contested case brought by the Los Angeles Company, to be allowed to change its corporate name to the Los Angeles Electric Company, was decided yesterday by the court in favor of the prayer of the petition.

COMMITTED. After examining the Lunacy Commission report, the following persons were committed to the State Hospital yesterday: George K. Haggler, Charles Miller, and the sister, Anna Hassold, charged with insanity. The court committed them to the State Hospital.

RETURNED. The last of the famous Broadway trial was yesterday by Judge J. Broad. The instrument was signed by Wm. Knabe & Co., and the grand jury returned a verdict of guilty.

WANT ATTORNEY. Shelby Wright, a young man charged with forcing a woman to have sexual intercourse, was yesterday by Judge J. Broad. The instrument was signed by Wm. Knabe & Co., and the grand jury returned a verdict of guilty.

ADOPT. Wolcott H. and his wife, Ida Evans, joined yesterday to the Superior Court. The instrument was signed by Wm. Knabe & Co., and the grand jury returned a verdict of guilty.

AUDITOR. County Auditor Claude Hart, yesterday filed in the Superior Court a petition for the appointment of a receiver for the Los Angeles Company.

ADDED. The trouble between the Los Angeles Company and the Los Angeles Electric Company, yesterday by Judge J. Broad. The instrument was signed by Wm. Knabe & Co., and the grand jury returned a verdict of guilty.

WE DONE IT!

Bully for U. S.!

We done it. You didn't think for a minute we wouldn't. Been loafin' round? Th' groan! All th' time for to give th' others a little show. Don't you know? A run for their money. But when it comes to th' finish, we're right there. That's all. We're just sort of tickled. That's all. And say, hey! Wasn't that kind of great? Th' way took down it? One day Jus' threw a few things into his grip, and set out. Without sayin' nothin' to nobody, An' next day or so Run over th' bloomin' Old pole—

GIRL IS VICTIM OF DANCE HALL.

INNOCENT-LOOKING, BUT ADMITS SHE IS GUILTY.

Deputies Protect Family of Prominent Young Man Who Led Chit of Eighteen Astray—Justice Suspends Sentence on Her Promise to Be Good in Future.

Mabel Massey, an innocent-looking girl of eighteen years—a product of vicious dance halls—admitted in Justice Chambers' court yesterday that she was a vagrant. Her mother and police officers intervened in her behalf, and obtained a suspension of the execution of a sixty days' jail sentence.

The girl was taken home by her mother and efforts will be made to get her to live a decent life. The officers who arrested her promised to do all they can to keep her from evil associates.

The prime cause of the girl falling from grace was the public dance halls—the 5-cent-a-dance kind. Like many other young girls, she fell in with bad company while visiting such places. Being naturally attractive, she was readily selected as a victim by men who visit such places for no other purpose than to get acquainted with young girls.

She had been working in a laundry, and her excuse to her mother for remaining away from home at night was that she had to live nearer her place of employment. While the girl was living with men in downtown rooming houses her mother had no suspicion that she was doing anything wrong.

"She said she was rooming with a girl friend," the mother told the magistrate yesterday.

She met the son of a prominent family. He left his home and the couple set up an establishment of their own. His parents took the case to the police. Detectives are withholding the family name to shield them from shame.

Spectators inquired as to the charge against the girl, when they saw her in the dock yesterday. They were surprised when they learned she had admitted being a vagrant. She would more readily be taken for a school girl.

The girl promised to live with her mother and not visit the downtown district at night, except when properly accompanied. The justice warned her she would be locked up if she did not behave.

"Mixer" Arraigned.

Shelby Wright, a soft-drink mixer, was arraigned before Justice Chambers yesterday on a charge of assaulting Fred Sattler, a San Francisco advertising man, with intent to murder. The magistrate will decide Friday on a date for the preliminary examination.

Sattler was stabbed at Fifth street and Broadway after separating Wright and another man, who were fighting. He was dangerously wounded in the left side, but is now recovering.

Wearies of Family.

Mattie E. Nichols of No. 1444 East Forty-sixth street, swore to a complaint charging her husband, C. E. Nichols, with having abandoned her and six children.

I never want to see you or any of the rest of the family," Mrs. Nichols alleges he told her when he went away several weeks ago.

Charges Dismissed.

Charges of obtaining money under false pretenses against Will C. Prather, a real estate operator, have been dismissed. This action was taken by the Prosecuting Attorney when he learned that he was being sued civilly for the amount he was charged with fraudulently procuring.

Infirmary Court Notes.

J. H. Snowden pleaded not guilty to a charge of having violated the thirty-hour auto ordinance, when taken before Justice Chambers yesterday. He will be tried on the 15th inst.

More Loaves To The Sack

CAPITOL FLOUR

MADE IN LOS ANGELES

It is a scientific fact—proven by actual everyday kitchen tests—that the larger percentage of gluten contained in Capitol Flour causes Capitol Flour to make more loaves of bread to the sack—and not only MORE bread but MORE DIGESTIBLE bread.

You can prove this yourself.

Every sack guaranteed. At Grocers.

CAPITOL MILLING CO.

Things That Appeal to an Intelligent Woman

Our system of buying and handling foods is the key to our success in providing the best for our customers—a large force of buyers scattered over the country, special arrangements for refrigerating and transportation, a sanitary cleanliness and order in our big warehouse and our stores—these are essential factors in our accomplishment.

Year after year the same men, selected after careful trial, raise vegetables and fruits for the Young's Market Co.; our meats are supplied by packing houses whose methods we approve and who know that we must have the best; expert butter-makers are engaged making for us butter of a quality we are proud to offer; our fish supply is sent direct from the catching by transportation facilities especially provided for them. And finally at our stores, every department is in charge of a man well informed and skilled in handling his special end of the business.

By this system of buying and this personal responsibility, we are able to secure always the best that can be put on the market and at the same time to keep the WIDEST VARIETY, practically everything for the table, not only meats and fish, vegetables and fruits, butter and eggs, but a great many kinds of cheeses, smoked and imported fish and meats, loaf and coffee, breads and crackers and canned goods.

AN ESPECIALLY FINE SELECTION OF FISH FOR FRIDAY.

Our telephone clerks willingly give information and quote prices.

Bradley's Toilet Articles Decisively Reduced

Price concessions averaging fully a third on articles of well-known merit.

Bradley's 75c and \$1 odors—"Stem Violet," "Coronation Violet," and "Carnation"—50c a bottle.

Bradley's Perfume—"Fancita" and "Genee" odors—25c an ounce; regularly 75c.

Bradley's 25c Bath Powder, 15c.

Bradley's Toilet Water—75c size, at 50c, the 50c size at 35c, and the 25c size at 20c.

Mennen's "Sens Yang" Talcum Powder at 15c; regularly 25c each.

(Facing Broadway Entrance.)

Men's Shirts 95c

Values Up to \$2 for

Broken lines of \$1.50 and \$2 pleated bosom shirts, in coat-front style, with attached cuffs, mostly rather dark shades, yet decidedly attractive—slated for quick clearance at ninety-five cents.

All sizes in pure white pleated-bosom shirts with coat fronts—some with cuffs attached, some with no cuffs at all—at ninety-five cents. Fully equal to the best shown elsewhere at a dollar-fifty.

New line of light striped shirts with pleated bosoms and attached cuffs—coat-front style, of course—at ninety-five cents. If you will take a look at the display in one of our Broadway windows you will notice that they compare favorably with those shown about town at half as much again.

Girls' Lingerie Dresses Reduced a Third

Full third reduction on ALL lingerie dresses for girls of 8 to 18 years. And the reductions are bona fide—not make-believe mark-downs from fictitious valuations.

Children's one-piece dresses of Persian lawns, India linons, etc., elaborately trimmed with dainty Val. laces and fine embroideries—\$1.65 to \$13.35 instead of \$2.50 to \$20; 8 to 14 year sizes.

Misses' lingerie dresses—the latest one-piece styles—in every material suitable for the purpose—\$8.35 to \$23.35 instead of \$12.50 to \$35; 14 to 18-year sizes. Many of them just right for grown women.

A Creator of the American Figure

The graceful curves and fine poise of a woman's figure are largely the effect of the corset she wears. Some one has spoken of the "trim, yacht-like figure of the American woman."—It is one of her distinctions so much admired abroad. The Redfern corset is the embodiment of just that style—the spirited carriage, the straight back and fine lines of hip. And it isn't a question of the size or the figure with the Redfern, but of expert fitting; the supple whalebone molds the figure to its own fine lines.

\$3.00 to \$15.00 a Pair

Dainty Lingerie

Value \$5. Thursday & Friday \$3.50

A splendid selection can be made from these pretty and unusual patterns. There are night dresses in empire effect with the short waists made entirely of Swiss insertion and Valenciennes lace with wide headings, and low necked styles with solid embroidery yokes and attractive deep cuffs of solid embroidery; skirts of nain-sook with deep circular flounces of French and Valenciennes and Swiss embroidery; and prettily trimmed combinations, drawers and chemises.

New outing flannel gowns just received; in dainty colored stripes \$1; plain white \$1.50.

Wool Goods Remnants All at Half Price

We have gathered these from our entire stock—lengths of from 2 to 6 yards. Serges in browns, blues, black; velvets in light evening and darker shades; checks, stripes, and fancy weaves in great variety for FINAL cleanup.

Excellent Values in Silk Hosiery

The limited number of pairs left in stock is the cause of this offering and should argue for early shopping. In pink, light blue, navy, lavender and cardinal. Regularly \$1.00 and \$1.50, sale price 80c.

New shipments are constantly being received of the new Fall hosiery in heavier weights, cotton and fleece lined.

Toilet Articles of Good Quality at Low Figures

THIS LIST SEASONABLY HEADED JUST NOW BY:

Dixie Tan and Freckle Cream.....50c

Coryopsis Talcum, tin and glass.....25c and 35c

VICTIMS SEEK HIS FREEDOM.

Former Clients Petition for Brown's Release.

Ex-Broker Still a Factor in Local Speculation.

Said to Be Giving Stock Tips in County Jail.

Eighty victims of a prisoner in the County Jail seek the release of the man they say has victimized them. They have signed a petition to the District Attorney requesting that Harry D. Brown be allowed his liberty.

Held on several charges of embezzlement and accused of many misdeeds, Brown has, from his place of imprisonment, been able to get more than two-thirds of those who were his customers at the time of his sudden flight from the city to ask for his release.

This remarkable petition presents one of the strangest cases on record in Los Angeles criminal procedure. Officials at the County Jail assert that they have never before known of a similar case.

At the time of his sensational disappearance five months ago, Brown was sought by hundreds, who asserted that the stock-gambling operations of the missing broker had swept away their savings, and the police departments of the country were on the lookout to capture the alleged swindler.

GIVES STOCK TIPS IN JAIL. Although a prisoner, Brown is still a factor in local stock speculation. Right under the nose of the county officers he is said to be conducting a "bucket shop" for his fellow-prisoners, and some of them are alleged to be making money on his tips.

Never before has a bucket shop or brokerage office been conducted from behind the bars of a prison in this country.

Where formerly the inmates of the County Jail were interested chiefly in the results of baseball games, or gave their attention to reading tracts, the stock market is now the main topic of conversation. Tips given by Brown are followed by many of the prisoners, and these, through the medium of their friends outside, have in many cases won heavily on the market.

Strangers who visit the County Jail will find that the best way in which to ingratiate themselves is to bring the latest market reports along. The jail now has a business community. The rise or fall of stocks is pregnant with interest to the incarcerated speculators, and the lack of a "ticker" is bewailed.

IS STAR PRISONER. Since his capture near Oakland Brown has been an inmate of the County Jail, and he has gradually established himself as the star prisoner, and the jail officials have utilized his clerical ability by putting him to work in the office.

Attorney George W. Pearson had the strange petition yesterday.

"My client would today be a free man," said Pearson, "if he had not lost his nerve and left Los Angeles because of his fear of the Japanese who had traded with him. Brown was afraid that the irate orientals would kill him."

Brown yesterday reviewed his case and said he believed that if he could obtain his release he would be able to pay back all of the money which he owed. He also produced a letter from a well-known firm which offers to start him in the brokerage business in case he is able to obtain his freedom or is acquitted of the charges against him.

WAS MONEY MAD. As he went over the history of the case, he produced checks, letters and other documents in substantiation of his story, and dwelt upon the fact that he had in many cases won money for clients, after tiding them over their financial difficulties.

Many former clients of the imprisoned broker now admit that a few weeks more of liberty might have vindicated his judgment of certain speculative stocks in which he was heavily invested, and brought to light the serious shortage, as now at 90 and going up.

"I took chances because I was money mad and felt sure that I would win," said Brown in discussing the case.

"When I was surprised by a break in the market, I lost my nerve and skipped out when I was short. Running away at such a time made matters worse, and I am now convinced that if I had stayed I might have been able to square myself."

From letters and receipts produced by the prisoner, it is apparent that the Western Union Telegraph Company is going to be a strong factor in the defense, and the signed receipts, given by the company upon Brown's payment of money for wire service to New York and Chicago, will be used to offset the claim that the market was taken by a rising factor in the defense, and the signed receipts, given by the company upon Brown's payment of money for wire service to New York and Chicago, will be used to offset the claim that the market was taken by a rising factor in the defense.

The trial of Brown will come before the criminal court November 29.

By practically a unanimous vote, the strikers of the Pressed Steel Car Company's plant at Schenectady, Pa., yesterday decided to return to work and accept the concessions granted them by the company. Many of the men have already resumed work.

The strike has caused the death of nine men, the injury of scores and a loss of many thousands of dollars.

SCHOLARSHIP WINNERS.

(Continued From First Page.)

achievement in winning even third prize, a honor that any one might well be proud of.

Miss Pettolli has exceeded even the most sanguine expectations of her friends. She was third in line at the close of last week, with a score of a little over 400,000, nearly 23,000 points less than Miss Hood had at the time.

On Monday and Tuesday she turned in subscriptions amounting to the enormous gain of 283,000 points, while Miss Scherer's gain during the closing days was in round numbers 166,000, and Miss Hood's 134,000.

Miss Scherer, therefore, is the winner of the grand capital prize of \$500 cash, with a score of 687,724 points.

Miss Scherer wins second choice of scholarships and a cash prize of \$200, with a score of 612,780.

Miss Hood wins second choice of scholarships and a cash prize of \$100, with a score of 587,828.

BEST YOUNG MAN.

Amos Colborn of Upland has proved himself to be the best man among the boys in the contest. It was rather expected by his friends that he would finish among the "High Fives," and ahead of his male competitors, but hardly that he would beat, also, so popular and experienced a campaigner as "Princess" Alice Capron. Since last Saturday he has registered a gain of over 115,000 points, and finished in fourth place, just a few hundred points ahead of Miss Capron, whose gain during the closing days was 11,115.

Mr. Colborn also overtook Raymond Austin of Pasadena, who registered a gain over 61,000 points at the time of the closing days, and finished in fifth place, just a few hundred points ahead of Miss Capron, whose gain during the closing days was 11,115.

OTHER "UPPER TENNERS." The remainder of the "upper tenners" in the final score are, No. 8, Miss Florence Pedley of Pomona, the charming little crippled "Buckeye" girl; No. 10, Miss Edith Tidball of Santa Ana.

Miss Pedley registered a gain of over 62,000 at the time of the closing days, and moved up one degree. Florence Lambert made a gain of over 14,000, and moved up one line. Miss Tidball also finished one rank higher, with a gain of over 72,000.

Miss Capron has won a cash prize of \$75; Raymond Austin, \$70; Frank Maine, \$65; Miss Pedley, \$60; Miss Lambert, \$55; Miss Tidball, \$50, each in addition to the scholarship.

OTHER CASH PRIZE WINNERS. The many sympathetic friends who helped David Boardman will be gratified that he finished as high as eleventh place, with a score of over 280,000, a gain of over 70,000 on the last day. He will receive a cash prize of \$45, in addition to a scholarship.

Murray Royer fought a good fight, but fell from eighth to twelfth place in the dash to the goal. His gain at the finish was but 10,850. He wins a cash prize of \$40, in addition to a scholarship.

Miss Helen C. Wilson of Whittier has the "hoodoo" number, 13, at the finish, but might have done a great deal worse. Her gain at the finish was over 59,000 points, and her total score exceeds 500,000. She wins a cash prize of \$35 and a valuable scholarship.

Miss Grace Wagner scored over 30,000 points on the last day, but fell two degrees to fourteenth place. She wins a scholarship and a cash prize of \$30.

Miss Anna Bloom succeeded in holding fifteenth place until the end, with a gain of 25,000. She wins a cash prize of \$25 and a scholarship.

Miss Edwina Lloyd registered a gain of over 17,000 and finished one degree higher than she was. As No. 18 she is entitled to a scholarship and \$20 cash prize.

Miss Elizabeth Glasgow of Chatsworth registered a gain of 9,000 at the end and fell back two degrees to eighteenth place. She wins a scholarship and \$10 cash.

Stanley Carnahan registered a gain of over 15,000 and finished in nineteenth place, one degree lower than he was. He wins a scholarship and \$10.

Miss Lillian Waite of San Fernando registered a gain of nearly 7,000 and finished in twentieth place, one degree lower than she was. She wins a scholarship and \$10.

Miss Elizabeth Glasgow of Chatsworth registered a gain of 9,000 at the end and fell back two degrees to eighteenth place. She wins a scholarship and \$10 cash.

Stanley Carnahan registered a gain of over 15,000 and finished in nineteenth place, one degree lower than he was. He wins a scholarship and \$10.

Miss Lillian Waite of San Fernando registered a gain of nearly 7,000 and finished in twentieth place, one degree lower than she was. She wins a scholarship and \$10.

Miss Elizabeth Glasgow of Chatsworth registered a gain of 9,000 at the end and fell back two degrees to eighteenth place. She wins a scholarship and \$10 cash.

LOMPOC TO BE GREAT FIELD.

Union Prepares to Operate Six Strings.

Newlove Adds Three Wells in One Month.

Production on Coast to Be Much Bigger.

That the last four months of 1933 will witness a larger production in the coast fields than the first part of the year is likely, also that 1934 will show higher on the year, although it is early to predict as to this.

Not only does this apply to Cat Cañon, but also to the south of the old field and to Lompoc where, within the last year almost a new district has come to the fore in pushing forward all the time. For years the Union has had large holdings here and has fifteen completed wells at present, but conditions did not justify production and the activity of the Union has been in running and six are to start at once. Oil tests 19 to 21 gravity, wells are about 2700 feet.

Other operations here are: Lompoc Oil, Development, merchant and Development has one of some 4300 feet test in oil.

In August the Union's Newlove 27 came in, showing 2600 barrels first daily, test to 260, while 28 and 29 came in good for 300. Most Newlove wells now but a few are pumped.

Thirty was put on the beam a few days since. It is likely that the western Union line went to water, but cementing stopped ruin and all yield oil work is considered successful.

The new Union wells, together with the New Pennsylvania well, the raising of the western Union output to an average of over 700 barrels daily, and the activity of the Union, make the figures for the coast output higher in August than in July when it was at 1100.

The new Union wells, together with the New Pennsylvania well, the raising of the western Union output to an average of over 700 barrels daily, and the activity of the Union, make the figures for the coast output higher in August than in July when it was at 1100.

GARDEN FETE FOR CHARITY.

University Girls' Artistic Lawn Setting.

Philothea Emblem Shown in Growing Flowers.

Dutch Windmill and Other Attractive Booths.

A pretty garden fete for charity, under the name of a "Fete Champetre," will be given by a number of young ladies of University Methodist Church, tomorrow, on the spacious lawn at the home of J. W. Whittington, Twenty-eighth street and Budlong avenue.

The young ladies in question form the Philothea class in the Sunday-school, taught by Mr. Whittington, and preparations have been under way for this rustic festival for a long time. So long, in fact, that Mr. Whittington has now growing in his garden a large Philothea emblem, consisting of crescent and bar, in the class colors, lavender and white. In the fete to be given tomorrow this emblem will be the attractive feature on the grounds. It is right in the center of the big green lawn, and around it will be clustered many pretty booths, artistically arranged and made more enchanting by the presence of daintily-costumed young ladies.

A large Dutch windmill has been erected in one corner of the grounds, under which, in a charming little out-door parlor, cozy little Dutch girls will serve Dutch chocolate and other dainty Dutch delicacies. Marguerite Jacobson will be in charge.

The young ladies will carry out many new and "catchy" ideas, during the afternoon and evening. The hours will be from 2 to 5 o'clock in the afternoon and from 7 to 10 o'clock in the evening, during which there will be plenty of music and attractive free entertainment.

The candy booth will be superintended by Laura Brown, assisted by number of vivacious girls. The booth is an attractive feature, constructed in the form of a pagoda.

Idea will be served in a handsome booth, presided over by Leah Robinson, who will also have many assistants.

In connection with the flower booth Mary Allen and her helpers will spring some surprises upon their customers, and there will be no end of fun at the Mother Goose headquarters, directed by Bertha Hill.

A real novelty will be the wireless telegraph stations, in charge of Wayne Whittington. Messages will be sent from one end of the grounds to the other, at 1 cent a word, and will form the source of much amusement.

Among the patronesses are Mrs. George W. Murdoch, Mrs. Charles W. Brown, Mrs. W. M. Bowen, Mrs. E. D. Hough, Mrs. A. F. Speicher, Mrs. F. M. Couch and Mrs. B. T. Tilden.

Rustic Festival on Whittington Lawn.

Group of young ladies who will take part in the "Fete Champetre," tomorrow. Top row—Harriet Ross, Grace Krepps. Middle row—Leah Robinson, Gladys Allen, Laura Brown. Bottom row—Alberta Shartle, Dessie Krepps.

It is unlikely that any change in the route so radical as suggested by the reports will be made at this late day.

Contract Let.

The Santa Fe, Phoenix and Prescott Railway Company, which is building the Arizona and California, has let the contract for the construction of the ninety miles between Parker and Bengal, to John Scott, a well-known Arizona contractor. The agreement calls for the completion of the work by May 10, 1910. Scott will ship an outfit to Parker at once and the grade should be busy on this long-delayed work in the next two or three weeks.

Old-Time Locomotive.

Side by side with a big Mallet, in a great building at the Seattle exposition, the old William S. Crooks, the first locomotive used by the Great Northern Railway in Minnesota and a factor in the development of the Northwest, is attracting a great deal of interest. With fire box cold, and steam dome empty, it stands an inert mass of wheels, trucks and levers, bearing but faint resemblance to the giant monsters of today.

Concerning the "William S. Crooks" and its aid in the settling and development of the Northwest, the general passenger department of the Great Northern has issued an interesting little booklet, "The autobiography of an engine," for distribution at the Alaska-Yukon-Pacific Exposition where it is a part of the Minnesota exhibit.

While the famous old engine, "General," was doing service in the South during the Civil War, the "William S. Crooks" was playing its part in a warless bloody fray, but for teaching in its results.

The old engine built in 1861, rebuilt in 1868, was named for W. S. Crooks, Chief Engineer of the St. Paul and Pacific Railway, as the Great Northern was at that time known.

Its chief claim to distinction is that it was the first engine to pull the first train of passengers on the first railroad in Minnesota and the practical beginning of one of the most interesting careers in railroad history—that of James J. Hill.

FAIR AT TULARE.

Agricultural Association Makes Elaborate Preparations for Display of Home Products.

The second annual fair of the Tulare County Agricultural Association will be held at Tulare, September 13 to 18, inclusive. The first effort at holding a fair was a great success, and relying upon that fact and the elaborate preparations being made this year, there is every reason to believe that it will be surpassed.

There will be a great display of agricultural products and live stock, and plenty of entertainment for visitors.

CASH FOR FOREST WORK.

R. H. Charlton, forest supervisor, said yesterday that as a result of the

GUESTS ON "WILD GOOSE" JUNKET.

TAHOE TAVERNITES ENJOY TRIP ON THE LAKE.

Spend the Afternoon at Emerald Bay and Return by Sunset. Sprightly Reno Girl Entertains Visitors to the Mountain Resort With Interesting Readings.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
TAHOE, Sept. 23.—An enjoyable afternoon launch trip was recently taken by a number of Tahoe guests to Emerald Bay. In the launch, "Wild Goose," they walked to the falls and returned by sunset. Those present were: Miss Palmer, Cincinnati, O.; Miss Dunn, Salt Lake City; Mrs. J. F. Dunn, Salt Lake City; Mrs. J. F. Greenough, Los Angeles; Miss Mabel Howard, San Francisco; Mrs. T. S. Shinner, Los Angeles; Mr. and Mrs. W. D. Fenimore, San Francisco; J. H. McKay, N. Y.; Maj. Benjamin Trueman, Los Angeles; Lorah Anderson, U. S. Navy Yard, Mare Island; Mrs. W. S. Cramp, Redlands; Miss Babbie Ray, New York; Mrs. I. B. Hamilton, Carson, Hamilton, Arizona.
One of the most interesting entertainments of the season was given Saturday evening in the casino of the Tahoe by Miss Edith Howe of Reno. She was at home in dramatic readings, character sketches and humorous impersonations, and charmed her audience with every act. She was assisted by her cousin, Miss Helen S. Howe, who has a good soprano voice and gave several selections in a pleasing manner. Also by Joseph Roberg, who gave a pantomime and a baritone solo. A ball was given after the entertainment, which was largely attended.
Much interest is being taken in the bowling on the Casino alleys. The city record for ladies bowling was broken this week by Miss Arline Johnson of Oakland, with a score of 217.

HORSEBACK PARTIES.
Horseback parties go out daily from the Tahoe into the surrounding mountains. The party that went out Saturday had the unusual experience of seeing a number of deer in the vicinity of Sage Meadows. The party consisted of Miss Palmer Salt Lake; Miss Anna Hunter, San Francisco; Miss Bulah Lanyon, Oakland; Miss L. Teasle, Los Angeles; J. H. McKay, New York, and Davis Newman, Los Angeles.
A special excursion of 200 Knights of Columbus left San Francisco Saturday night and arrived at the Tahoe for breakfast Sunday morning. The party, which left on special boats for Tahoe, where they will spend three days before returning to the Tahoe.
A half-hour of singing of old-fashioned songs was enjoyed by the guests of the Tahoe Sunday evening. Miss Helen S. Howe assisted with the program by giving several sweet solos, which were greatly appreciated.

TAHOE NOTES.
Mr. and Mrs. E. J. Connelly and Mr. J. Connelly of Los Angeles are registered at the Tahoe.
Mr. and Mrs. Walter Raymond, Master Arthur E. Raymond and Miss Mildred L. Raymond of Pasadena, are spending some time in the lake region, having just returned from a pleasant trip to Seattle. Mr. Raymond is manager of the well-known Hotel Raymond of South Pasadena.
Mr. and Mrs. L. M. Spelman and F. C. Hardy of New York have returned to the Tahoe, having spent a month at the lake.
Mrs. C. B. Guthrie and child, of Los Angeles, are stopping a few days at the Tahoe on their way East.
Commander E. A. Anderson, U.S.N., and Mrs. Anderson of Mare Island and Miss Helen Loran Anderson of the United States Naval Academy are enjoying the beauties of the Tahoe, in which they take a prominent part.
Mr. and Mrs. James Threlkeld and James B. Threlkeld and Mr. and Mrs. K. P. Campbell of Los Angeles are registered at the Tahoe.
Mrs. James Coffin, Miss Natalie Coffin, William Coffin, Mrs. B. Dibble and J. C. Kittle of Reno, form a pleasant party at the Tahoe.
Miss Helen S. Howe of San Francisco has joined her cousin, Miss Edith Howe, at the Tahoe.
J. F. Dunn of Salt Lake City, joined his family at the Tahoe, and returned home with them in his private car.
Mr. and Mrs. G. W. Hume and Mrs. C. E. Hume and Master G. W. Hume are spending the month of September at the Tahoe.
H. Woodhead of the Sunset Magazine staff, and his daughter are spending a few days at the Tahoe.
K. Matthias, Mrs. T. Wilson of San Francisco are registered at the Tahoe.
Q. C. Hazlett and wife of Alameda are stopping at the Tahoe.
Mrs. A. B. Pray and Miss F. J. Pray of Berkeley are spending some time at the Tahoe.
Among those registered at the Tahoe are: W. F. Dixey, G. Rich, Helen Howe, H. Woodhead and daughter, all of San Francisco; Mrs. C. A. Wells, Centerville; Miss Anna Humesy and Miss Bulah Lanyon, Oakland; Dr. Emma L. Benham, Chicago; Anna J. Blake and wife, Berkeley; Miss Schurra M. Hayes and Miss H. Lambie, San Francisco; J. F. Dunn, Salt Lake City; F. Dutton, J. F. Burgin, J. H. Howell, Mrs. G. W. Hume, Mrs. G. E. Hume, C. E. Hume, C. J. W. Hume, Jr., and child, San Francisco; Miss Belle Bourne, Louisville, Ky.; Mrs. C. I. Burt, Reno, Nev.; John W. Sullivan, Reno, Nev.; T. A. Hogan, Truckee; Charles D. Lockwood and wife, Pasadena; Mrs. W. F. Sibley and daughter, Alan Lambie, San Francisco; D. A. DeForest and wife, Minneapolis; D. W. Clark, Oakland; Henry J. Stark, San Francisco; E. W. Mack, Dayton, Nev.; Margaret S. Mack, Reno, Nev.; E. C. Mix and wife, Long Beach; Mrs. T. Raymond, San Francisco; Walter Raymond and wife, Master Arthur E. Raymond, Miss Mildred L. Raymond; Pasadena; A. H. Fougate, Los Angeles; Samuel Leblond, San Francisco; D. A. Louise Dickson and Nelly Dickson, Los Angeles; Miss Alice S. Griffith, San Francisco; Nat H. Prescott, Los Angeles; Mrs. F. B. Corliss, Miss H. Dechant, Mrs. C. Carlson, San Francisco; J. N. Spelman, Mrs. J. N. Spelman and F. C. Hardy, New York; Miss Martin, Sacramento; Miss Edith Howe, Reno, Nev.; Stanley Webster, San Francisco; Bush, Hollister, Huntington Beach; Mabel W. Holland, San Francisco; A. W. Bechenburg, Santa Barbara; Mrs. James Coffin, Miss Natalie Coffin, William Coffin, Mrs. B. Dibble and J. C. Kittle, of Reno; Mrs. William F. Mansfield and Bradner W. Lee and wife, Los Angeles; Marjorie K. Morning, Denver, Colo.; Miss M. C. Mundy, Hollywood; S. M. Neel and wife, Kansas City; J. C. Robinson and wife, Los Angeles; Mrs. C. B. Guthrie and child, Los Angeles; Mrs. C. Walker, San Francisco; Alfred Kinney and wife, Globe, Ariz.; A. Martin, wife and child, Phoenix, Ariz.; G. A. Sherman, Berkeley; E. N. Walker, Carson City; Lydia W. Anderson, Pasadena; James B. Threlkeld, R. S. Campbell and wife, Los Angeles; Mattie L. Richardson, Glenbrook; A. M. Parker and wife, Mildred Strong, Mrs. F. B. Strong, Anna Frame, Los Angeles; A. E. Cheney, Reno, Nev.; Ernest Sharpe, Denison; F. C. Swartz, North Wales; B. J. Blackwell, Oakland.
